### LECTURES ON HUMAN ANATOMY

#### INTRODUCTION

Different Medias including electronic media can be used to teach the medical students. Medical education in most of the cases is neglected in our country. There is shortage of efficient teachers particularly in the field of basic medical science. This website will help medical students (MBBS) to easy access which is totally free in the teaching material regarding Human Anatomy. To build this website greater efforts are continuously giving to make it up to date. Effective teaching in medicine is essential to produce good quality doctors. Helping to develop the next generation, it is essential to pass on the knowledge that has gained from experience. This website [www.ahmmostafakamal.com](http://www.ahmmostafakamal.com) aims to cover the fundamentals of medical education. For this reason website accepts advertisement from organization or pharmaceuticals industries wishing to support medical education.

**Dr. AHM Mostafa Kamal**
